FELINE SURGERY AND DENTISTRY WORKSHOP

EXCLUSIVE LEARNING OPPORTUNITY

1. LEARN IT

With the skills you gain at a VetPrac course, you can dramatically increase your income.

2. BILL IT

For example, if a new procedure you've learned bills for \$1000, with just three procedures you'll have paid for the \$2950 course that helped you gain that skill.

3. CLAIM IT

Plus, you may be able to claim some or all of the cost as professional development or a tax deduction.

Cats are not dogs. This is the first surgical workshop focusing on Feline specific conditions. And there are a lot of them!

Don't miss this inaugural workshop led by brilliant educators in the beautiful Riverina district of NSW. Learn techniques you will use, immediately on return to practice and watch your feline patients flourish under your care.

DR PENNY TISDALL

BSc(Vet) BVSc FACVS

Dr Penny Tisdall graduated from the University of Sydney with a BSc(Vet) for studies on portosystemic shunts in dogs in 1992 and with a BVSc in 1994. After working in private practice she returned to the University of Sydney to complete a Small Animal Surgical Residency. She has completed a Clinical Masters in aspects of feline megacolon and has contributed to over 25 published papers Penny obtained Fellowship of the Australian College of Veterinary Scientists in 2002 by examination. Penny worked exclusively in referral surgical practice for 15 years In this time she has run a successful surgical internship programme that has been the springboard for several interns into residency and specialisation. Dr Tisdall is now developing and sharing her skills in a clinical and teaching capacity as a senior lecturer at the Companion Animal Health Center within the University of Adelaide at Roseworthy. She is also an examiner in the Australian and New Zealand College of Veterinary Scientists in the surgery chapter.

DR CHRISTINE HAWKE

BSc BVSc PhD MACVSc

Christine graduated as a veterinarian from the University of Sydney in 1993. She worked in small animal general practice in Australia and the UK for five years before returning to Sydney in 1999 to commence her PhD studies in immunology at the University of Sydney. After successfully completing these in 2003 and a break to start her family, she returned to the University of Sydney as a Lecturer in the Faculty of Veterinary Science in 2005. Christine became a member of the ACVSc in 2006 and is director of Sydney Pet Dentistry, which takes referrals from across NSW. Christine is a past-president of Australia Veterinary Dental Society. Christine teaches Undergraduate dentistry at the University of Sydney and she also accepts referral through the Animal Referral Hospital.

DR TANIA BANKS

BVSc, FACVSc

Tania graduated from The University of Queensland in 1997, and has co-authored a textbook titled "Small Animal Oncology: An Introduction". Tania was awarded a Fellowship in small animal surgery in 2005 Tania, is a PhD candidate and lecturer at Charles Sturt University, and performs all aspects of small animal surgery with a particular emphasis on soft tissue surgery.

E D U C A T I O N

DR ORLY ZEMER

DVM DECVS

Dr. Orly Zemer graduated from the Hebrew University of Jerusalem (Israel) in 2007. Orly passed her certifying exam of the European College of Veterinary Surgeons (ECVS) and became a diplomate in 2015. Recently she joined the University of Melbourne as a lecturer in veterinary surgery and a specialised surgeon at U-Vet Werribee Animal Hospital.

DR TARA CASHMAN

BVSc DipVetClinStud
MANZCVS(Dentistry)

Tara was one of the first veterinarians to obtain Membership of the Australian and New Zealand College of Veterinary Scientists (ANZCVS) in Small animal Veterinary Dentistry. Tara has a keen interest in continuing education and is also the current President of the AVA Dental Special Interest group.

DR REBECCA TUCKER

BVSc(Hons) MANZCVS

Bec graduated from the University of Sydney in 2007 and spent the past 7 years in small animal general practice. She joined Advanced Animal Dentistry early in 2015 to pursue her passion for dentistry. Bec is currently completing a residency program at Advanced Animal Dentistry.
