

# ABDOMINAL ULTRASOUND WORKSHOP

HANDS ON PRACTICALS  
NOTES AND MEALS INCLUDED  
SPECIALIST EDUCATORS

HIGH QUALITY ULTRASOUND  
MACHINES  
FRIENDLY AND SOCIAL

## 1. LEARN IT

With the skills you gain at a VetPrac course, you can dramatically increase your income.

## 2. BILL IT

You will be able to offer non-invasive diagnostic options to you clients and pets. This is a great added service to your clinic and on average in just six visits you'll have paid for the course that helped you gain that skill.

## 3. CLAIM IT

Plus, you may be able to claim some or all of the cost as professional development or a tax deduction.

Get the foundations in abdominal ultrasound you need to do more for your patients. Learn from outstanding specialist educators where the 'see one, do one, teach one' learning philosophy is at the core of this workshop. Gain hands on practice with the probe, locating landmarks and building a systematic approach to scanning your patients. A great machine can only be effective if the user knows how to use it. Book today.
